IVPF Committee Descriptions

Executive Committee is made up of IVPF Officers. This committee handles day to day operations and approves actions and activities of all other committees.

- This committee meets regularly in the Board room of the Vasa Previa Chat Café every other week. IVPF committee chairpersons are welcome and encouraged to attend.
- Meeting minutes are available online at <http://IVPF.org/minutes>. IVPF participating members receive a copy by email.

Education Committee looks for ways to spread awareness of vasa previa to both pregnant women and the medical community. It meets on a bi-monthly basis. Contact Education@vasaprevia.com for meeting times.

Fundraising Committee raises funds through a variety of avenues for IVPF activities. Contact Info@vasaprevia.com to offer your help in this area or in one of our fundraisers.

Membership Committee keeps a record of IVPF participating members and performs housekeeping duties for the email group. This committee meets on an as needed basis. Contact Cindy.Paris@vasaprevia.com if you wish to volunteer your services to this committee.

Nominating Committee makes recommendations for IVPF Directors. The participating members of IVPF then vote such directors into office each January during the annual Board of Directors meeting. This committee may be asked to make recommendations for other positions as necessary. Contact Cindy.Paris@vasaprevia.com for more info.

Public Relations Committee promotes awareness of vasa previa and the IVPF. Contact Victoria.Goldstein@vasaprevia.com to offer your help and expertise in this area.

Research Committee members search the internet for cases of vasa previa and websites with references to vasa previa, reporting such information to the appropriate IVPF committees. This committee also participates in collecting and maintaining data for vasa previa research activities. Contact Victoria.Goldstein@vasaprevia.com to offer your help in this area.

Support Committee members are currently researching additional ways to support those affected by vasa previa. A new section on the IVPF website is being developed for this purpose. Contact Kathy.Blades@vasaprevia.com for more information or to offer your help in this area.

Web masters are responsible for building and maintaining the IVPF website and other web applications for IVPF, such as the forum and chat areas. Web masters work closely with other committees as necessary. Contact the webmasters at Cindy.Paris@vasaprevia.com to offer your help and expertise in this area.
